

In 2030 and in Every Year, We Must Be Free

~ a statement for all people who value human freedom ~

In 2030 and in every year, we must be free. We must not be owned by anyone. Whether we believe in God as the source of our sacred freedoms or not, do we not all agree that each of us must reject the chains of every type of slavery?

Even slavers hate to be enslaved. The universal desire for freedom is a simple reality that is tragically overshadowed by evil desires.

A lust for power is driving totalitarian oligarchs across the world to seek to enslave humanity completely. When the World Economic Forum predicts that in 2030, “You’ll own nothing. And you’ll be happy,”¹ it is echoing the mandate articulated by Marx and Engels in *The Communist Manifesto*: “Abolition of private property.”²

Although history has proven that totalitarians *never* give up *their property* or *their freedoms*, ignorance of history is ensnaring millions of idealistic people who believe the propaganda of the ultra-powerful.

The absence of spiritual virtues and classical knowledge has created a population that does not understand that they are being herded into slavery. The question for every human now is: “Do *you* want to be free?”

Based on a revival of timeless spiritual values, we stand and declare now that we will not be owned by anyone! We will not be slaves!

We refuse to give up our sacred autonomy and sovereignty. We refuse to bow to anyone who tells us what to think or how to speak or how to live. We are free!
